Engineer Tim McMannis, of the Q. & C., was sure he hit a man at the trestle in Ludlow the other day. He saw the body flying in the air and heard the victim scream, but when the train crew and undertaker arrived on the scene, the remains had disappeared. —Somerset Journal.

Ott Strong had the misfortune to lose his entire belongings by fire at Euahanks, burning his store house, dwelling and entire contents, the family not even saving their clothing, and barely escaping with their lives. He estimates his loss at about \$2,000, and had no insurance.

Heat prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather. Nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened kidneys and heart by slowly rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by Penny's Drug Store.

LOCAL OPTION IN NORWAY.—"The cause of temperance is working great headway in Norway. We have adopted the local option policy with excellent results," said P. Anenson, a manufacturer of white paper, from Skien, Norway. "When ever the people of a certain district or county wish to abolish drinking houses an election is held, at which all adult males in that territory are supposed to vote. If any are absent their votes are counted for prohibition. Another election cannot be held until after five years, and it is very seldom that a second vote is ever taken when a community once votes against license. Another thing that has made national sobriety is the regulation, in many places, that liquor can not be bought except by the bottle, and requiring the purchaser to take the bottle to his home before using any of its contents."—Baltimore American.

"Health Coffee" is really the closest Coffe Imitation ever yet produced. This clever Coffe Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffe in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert—who might drink it for Coffe. No. 20 or 30 minutes tedious boiling. "Made in a minute" says the doctor. Sold by Penny's Drug Store.

DEMOCRATIC TICKET.

For Congress

HARVEY HELM

of Lincoln county.

THAT Mr. Kern stands well in his home city of Indianapolis is shown in the following dispatch from that place: "The nomination of John Worth Kern for vice president on the democratic ticket was received with great rejoicing in this city. Republicans joined with democrats in praising the name of the popular lawyer, who is known to every man, woman and child in Indianapolis. The democrats were never more jubilant than when the flash came from Denver that Mr. Kern had been honored. They paraded the down-town streets behind brass band and yelled for Bryan and Kern until they were hoarse, William M. Fogarty, county chairman, immediately planned an impromptu celebration. Members of the Southern Indiana Democratic Club gathered at the club rooms Friday night and engaged in a street demonstration. Democrats from every ward participated. Speeches were made by leaders of the party and predictions of party success in the State and nation next fall, particularly in the State, were as numerous as the celebrators. Enthusiasm ran high and unanimity existed that a real democratic day had at last dawned."

THE expected happened when Hon. William Jennings Bryan was nominated for president on the first ballot at the Denver convention. Nobody expected anything else, save those who thought that he probably would be nominated by acclamation. The convention was the most harmonious and enthusiastic body of democrats ever gotten together and everything forebodes democratic success in November. As stated elsewhere, John W. Kern, of Indianapolis, was nominated for the vice presidency by acclamation and Bryan and Kern is now the slogan of all good democrats.

SUNDAY'S Courier-Journal contained a picture of what is purported to be the house where Jefferson Davis courted Miss Bettie Taylor, daughter of Zachery Taylor, whom he afterwards married. Every few months somebody sends to some daily paper the picture of a log cabin which is said to be the place where the Confederate president or some other great man, was born, stayed, courted or married some Miss Betsy Ann, who was a reigning backwoods belle.

JOHN WORTH KERN, of Indiana, was nominated by acclamation for vice president by the Democratic National Convention, thus completing the work of the convention and sending to the country the ticket of Bryan and Kern. The nomination was made without the formality of a vote, all other candidates withdrawing. The result awakened a tremendous demonstration. The convention adjourned amid scenes of enthusiasm.

DON'T Bryan and Kern sound good? It does to us and if those distinguished gentlemen are not elected president and vice-president signs go for naught. This is democratic year sure and certain and Kentucky will start the ball a-rolling by a democratic majority of 25,000. Mark what we say!

How do we like the ticket, did you ask? Fine. Bryan and Kern are winners. They will sweep the South and West, carry a number of erstwhile doubtful States and land where they belong in the presidential and vice-presidential chairs. Hurrah for Bryan and Kern!

MORGAN's men will meet at Park's Hill, Nicholas county, Aug. 18 and 19. Their ranks are getting thin and what was once the flower of the earth are now a few aged and bent men whose fight is nearly over, with, let us hope, the victory won.

POLITICAL.

William M. Garrison has been appointed postmaster at Lake, Laurel county.

Gov. Johnson and Judge Gray sent telegrams of congratulations to William J. Bryan.

Judge Charles A. Bishop, of the Iowa Supreme Court, dropped dead in the lobby of a hotel at Waterloo, Ia.

Ollie James presided during the greater portion of the last session of the Democratic National Convention.

G. Lee Wainscott has withdrawn from the race for the democratic nomination for Congress in the 10th district.

The prohibition are next to nominate. They will hold their National Convention at Columbus, O., July 15 and 16.

The whisky democrats of Franklin county are urging Col. E. H. Taylor to make the race for Representative of that county.

Mr. Bryan spent a quiet day at Fairview. He received a telegram from Herman Ridder, the New York German editor, pledging his earnest support.

The Republican party leaders now gathered at Hot Springs express the belief that the West will be the storm center of the coming national campaign.

The will of the late Grover Cleveland was probated at Princeton, N. J. It directs that each one of his four children be given \$10,000 and the rest of his estate to go to his wife.

Representative James S. Sherman, nominee for vice president on the republican ticket, will soon retire from the Republican Congressional Committee, of which he is chairman.

Lee Figg, a contractor, and Louisville representative of the Georgia Granite Co., was arrested on the charge of attempting to bribe Charles Heiss, a member of the board of aldermen.

County conventions to send delegates to nominate a Democrat for Congress in the Tenth district were held Saturday. The convention will be held at Irvine Wednesday. The result is in doubt.

The Minnesota, North Dakota, Ohio and Virginia delegations to the Democratic National Convention called on Mr. Bryan at Fairview. Mr. Bryan drove to Lincoln to greet the New York delegation.

Capt. R. M. Jackson, of London, presented to Temporary Chairman Theodore Bell, of the Denver convention, a gavel hewn from a Spanish gun stock which a Kentucky mountain boy had carried back to the hills with him after his campaign in Cuba.

Senator McCreary, who took an active part in the National Democratic Convention, says that the strongest ticket possible was nominated and that the platform adopted was the most decisive and positive declaration that had been made by the Democratic party in years. He predicts Democratic success.

In less than four hours after the Denver convention had nominated William Jennings Bryan, of Nebraska, and John W. Kern, of Indiana, the standard bearers of the Democratic party in the nation, the members of the Franklin County Democratic Club were holding a meeting at the courthouse ratifying the nomination.

Some one asks how long the honeymoon lasts? It is suspected in some quarters that the length depends somewhat on the amount of the cash balance in the bank. While another authority states that the first visit of the mother-in-law ends all the foolishness. —Lancaster Record.

Will serve Jennets at \$20 and Mares at \$10 to insure living colts.

Will stand two other jacks at \$10 to insure living colts.

Will also stand the magnificent draft stallion, George Herr, at \$10 to insure a living colt.

Stallion, George Herr, by Rhodderick 104.

Second dam by Denmark.

It is useless to command him, as the people of his past and adjoining counties know his record as a show horse and also for breeding purposes.

He will make the season of 1908 at my pike in Crab Orchard at \$15 to insure a living colt.

Will keep mares on grass at 10 per month, but no responsibility due to mare's truer or escape of stock, season due if mare is traded or parted with.

By the way Mr. Ashlock owns the pitcher and glass Mr. Bryan used when he spoke in Stanford in 1896. He prizes it very highly and has frequently refused handsome offers for it. He says when he wants to enjoy a refreshing quaff he gets out his Bryan pitcher and glass, takes a big drink of water and feels much the better by it.

DENTISTRY FOR DOGS.—Painless dentistry for dogs is now as highly developed as for humans in New York. The operator needs four, five, or even six assistants, according to the size and energy of the patient, even after cocaine has been applied, and often they use gas if the patient proves to be too much for them. But with dogs, as with people, care must be taken that the heart is in good condition before the gas is administered. For filling dog's teeth gold, silver and platinum are used, and frequently, if the filling is very large and conspicuous, a gold filling is used with a small diamond inserted in the middle. And if midway's pet poodle has a tooth missing, particularly one of the four front teeth, which show when he smiles, a porcelain or gold tooth can easily be substituted. For the more pugnacious bulldog, who has an opportunity for all kinds of warfare, a whole row of false teeth is sometimes needed. This can always be done so long as there is tooth on each end to which the false teeth may be fastened. Many dogs require to have their teeth cleaned regularly, especially those who live on a bonbon diet.
